Reclaiming The Dark Lover

How to take her fully without scaring her off

by

Boys are not given space to express themselves. Often, they are not allowed to show any fears, weaknesses or tears. “It’s not manly” is what they hear.

It’s not just the vulnerability that gets shamed; it’s the joy, too. As a child, we are often shushed when we laugh too loud, when we are too expressive.

In teen years, when the hormones hit, boys hardly get any guidance. They turn to porn and learn they need to hide their sexuality. Often, they are shamed or even punished for masturbation.

As an adult man, it’s all too natural to keep some parts of you suppressed - in the past they causes disapproval, so you’ve disowned them.

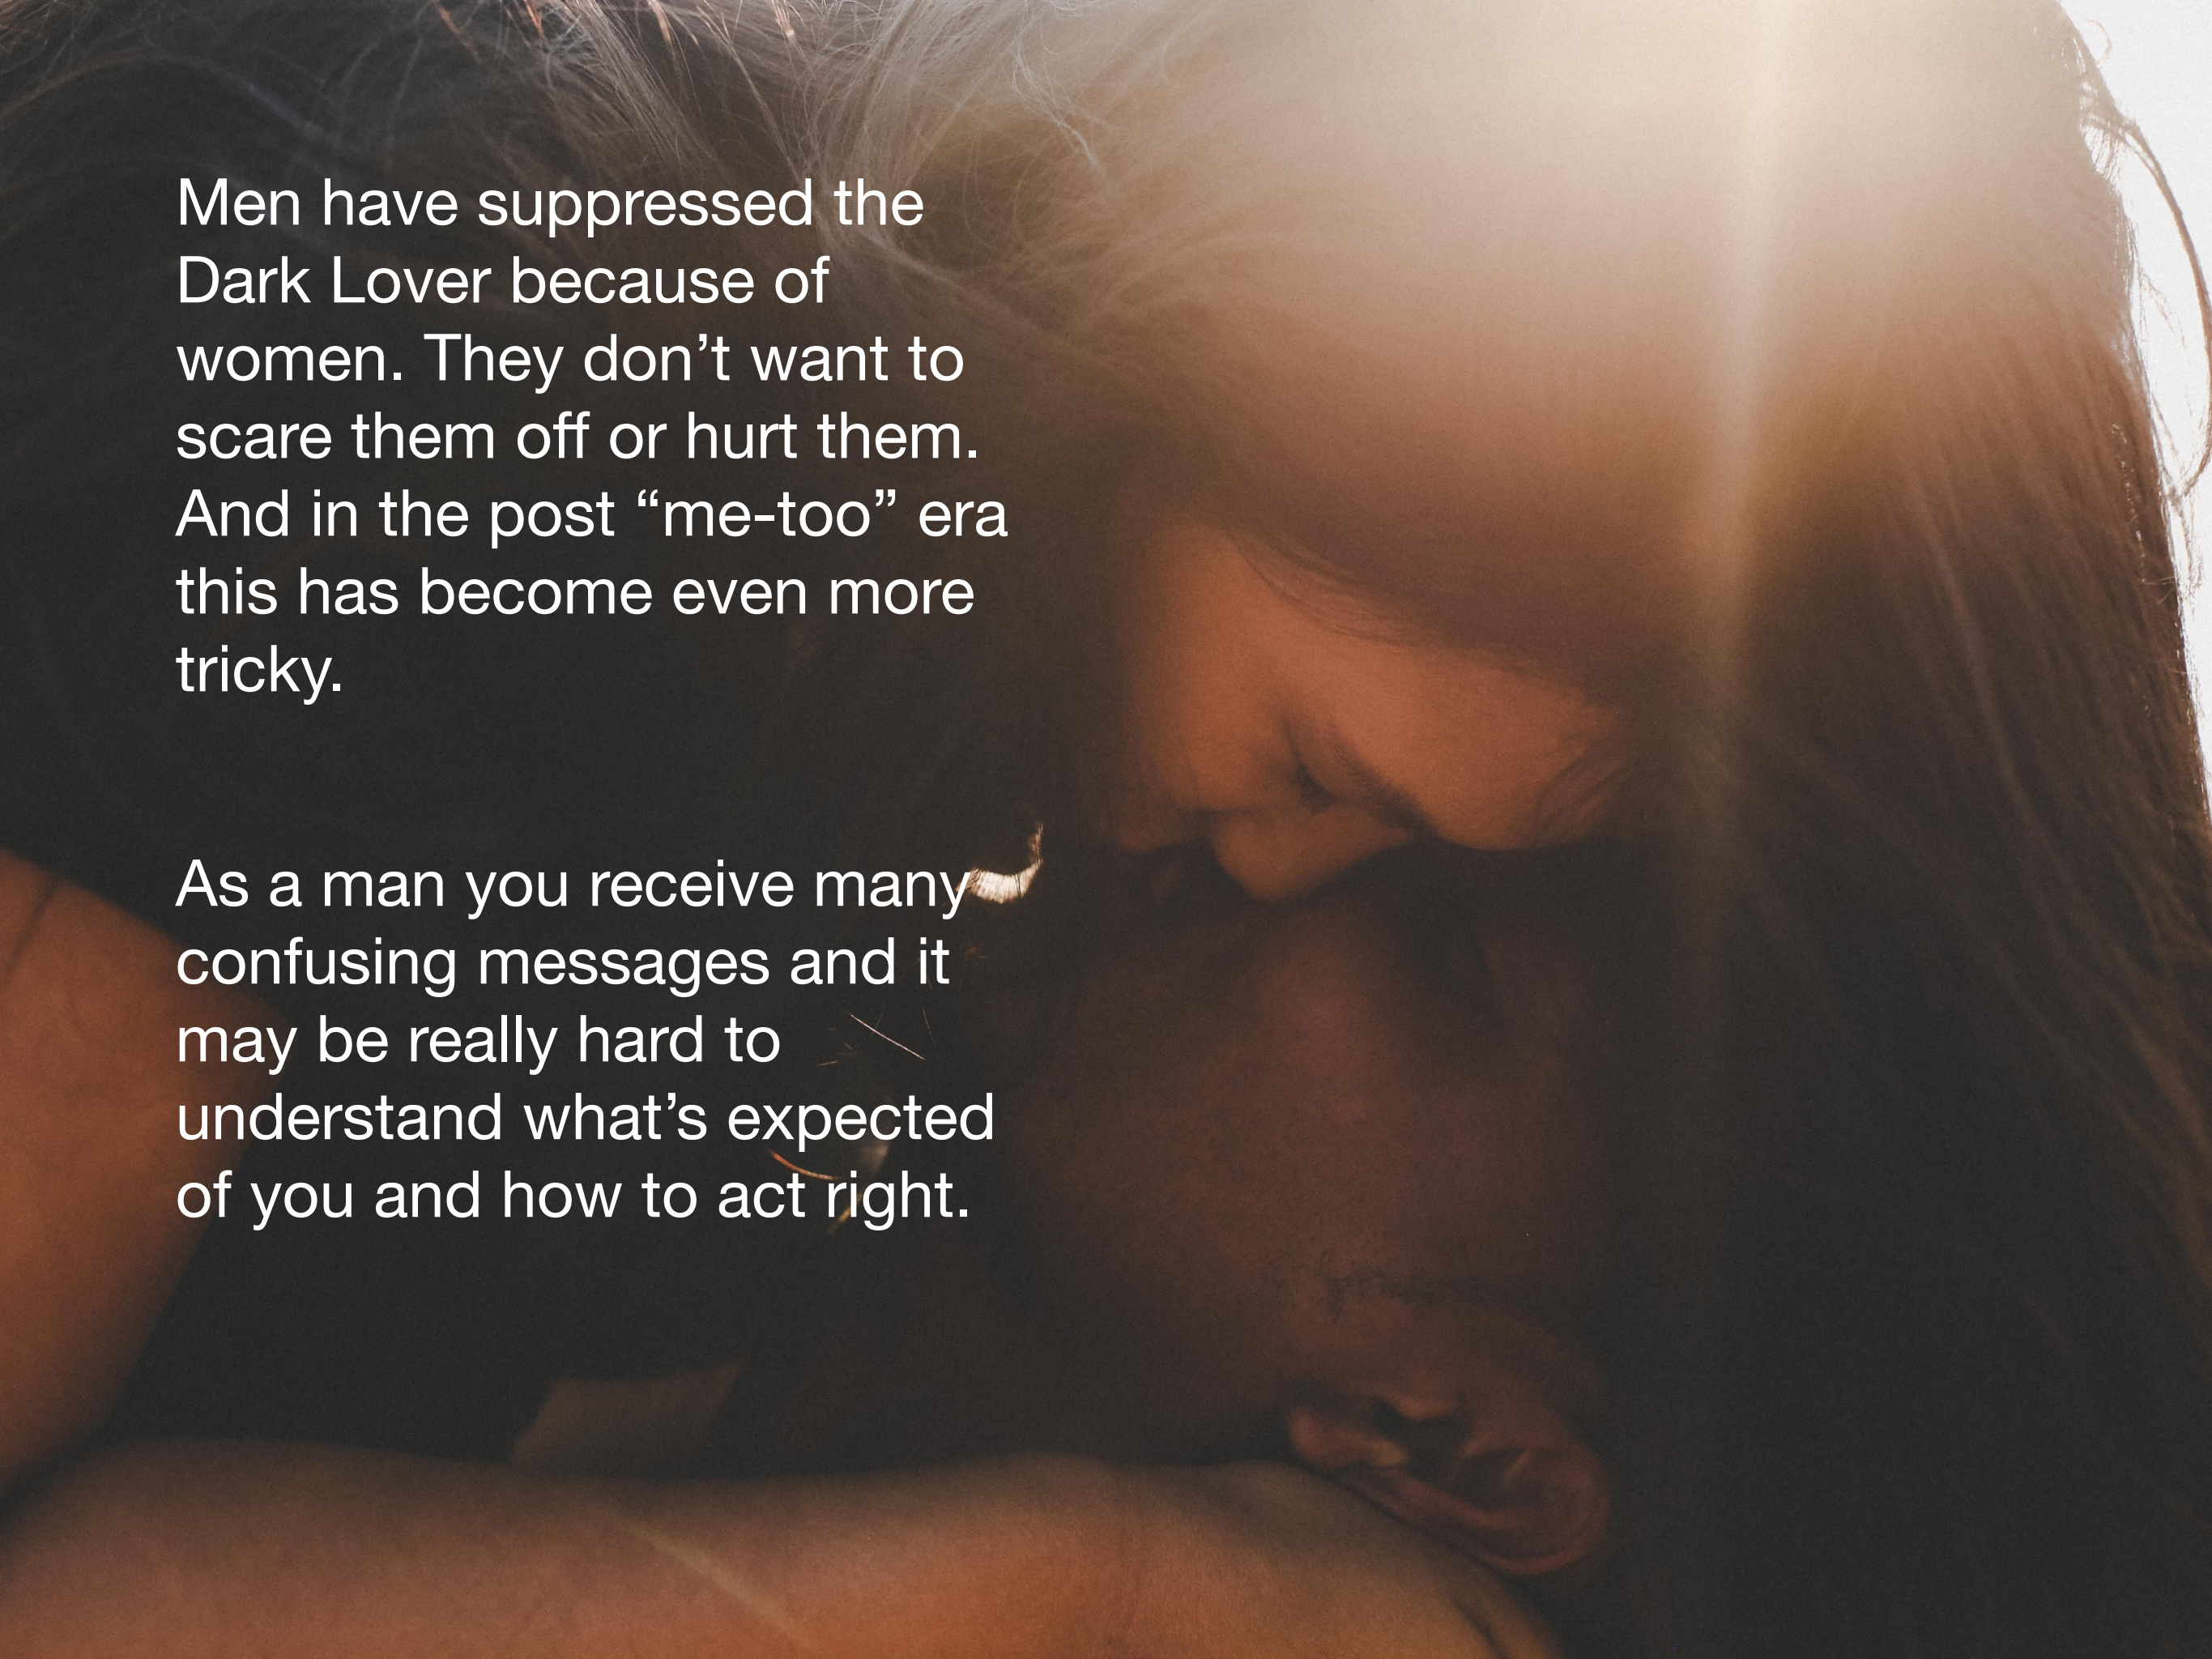

There's been so much progress in giving men permission to be vulnerable and express their emotions. Unfortunately, we often take beautiful ideas and turn them into yet another form of oppression. This is unfortunately what has happened to men.

There is space and permission for you to show your weaknesses. But there is no space for you to show your inner animal, the warrior, the dark lover. Men who do are often shamed as assholes, unconscious or primitive.

Men have suppressed the Dark Lover because of women. They don't want to scare them off or hurt them. And in the post "me-too" era this has become even more tricky.

As a man you receive many confusing messages and it may be really hard to understand what's expected of you and how to act right.

But the truth is, that only through your
Dark Lover can you deeply love her,
meet her and ravish her.

A man with a dark beard and a vibrant, multi-colored patterned shirt is shown in profile, looking towards the left. He has a tattoo on his neck that reads "This is love" and a black watch with a blue face on his left wrist. The background is a blurred urban street with modern buildings and trees.

And only through your Dark Lover
can you connect to your life purpose
& your deepest gifts.

Welcome to

The Path Of The Jaguar

Mission 1

The Jaguar's Inauguration: Into the Depths of Polarity

What is Masculine & Feminine Polarity really about?

Gaining a deep understanding of polarity is the groundwork for the Jaguar's pursuit.

You'll discover the vital importance it holds for you, your manhood, your life purpose and your relationships.

Mission 2

Wound Mending Station: Healing the Relationship to the Feminine

Wounds created in early childhood will be healed, shining a new light on the mother-son dynamic and unlocking a much deeper understanding of self. When the broken link to the feminine is left unmended, it shows itself in sabotaging patterns within all your relationships with women. This is relevant but not exclusive to romantic relationships, and can even appear in the dynamics with your daughter, friends, employees, employers, and your own inner.

Mission 3

Pursuit of the Golden Key: Decoding the Female Mystery

Does she seem chaotic? Illogical?
Hysterical? Overly emotional?

You'll discover that there is a pattern to her movements. Once you understand it, you'll obtain the key to navigating her movement. This is something she actually longs for, as the masculine brings much desired order to the feminine flow.

Mission 4

The Land of Light & Dark: Unveiling the Two Faces of Sexuality

On this part of the journey, the Jaguars will meet both the sacred and the primal lover within, and learn how to embody both. We will be fully exploring the tantalizing territory where sacred sex meets the inner animal; every woman's (wet) dream.

Mission 5

Crossing the Physical Plane: Embodiment of Tantric Sexuality

You're going to gain a deep understanding of sexual energy, your own and hers. And you'll get to unlock exactly what she wants and really craves from you; even her deepest, secret, unspoken desires.

Learn how to connect past the physical plane. Penetrate her body, mind and heart all at the same time, and fuck her into divinity.

Navigate your sexual energy in order to experience deep full body pleasure.

Mission 6

Full Body Domination: Sexual Mastery

On this final, powerful step of the journey, the Jaguar will learn how to become the complete master of his body and his undisputable sexual energy.

You're going to cross the borders into extraordinary sex by learning the art of non-ejaculation. You'll also master how to last longer and unlock explosive full body orgasms, as well as multiple orgasms (yes, men can have them too).

Only for you... for the next 48 hours
