## ***How to Read Your Results:***

### **✓ 15–18 boxes checked:**

She's very satisfied. You're not just good in bed — you're unforgettable.

Keep doing what you're doing... or take things even deeper and unlock her full emotional range.

### **✓ 10–14 boxes checked:**

You're doing okay — but there's room to grow. You're scratching the surface of her desire, but not fully tapping into her deepest pleasures or emotional surrender.

### **✓ Less than 10 boxes checked:**

Time for an honest look. Her body might not be getting what it truly craves.

# *What's Next?*

**If you didn't check every box — don't stress.**

Most men were never taught how to fully unlock a woman's body and emotions.

But that's what I do best.

- If you want more frequent, mind-blowing sex...
- If you want to last longer, and give her the most unforgettable orgasms...
- If you want her to crave you again...
